

The background features a stylized illustration of a camera's viewfinder. A central target with concentric circles and a checkered pattern is overlaid on the viewfinder. The camera's mechanical parts, including the lens and various levers, are rendered in shades of green and blue. The overall aesthetic is graphic and modern.

# **LEYTONSTONE LOVES FILM**

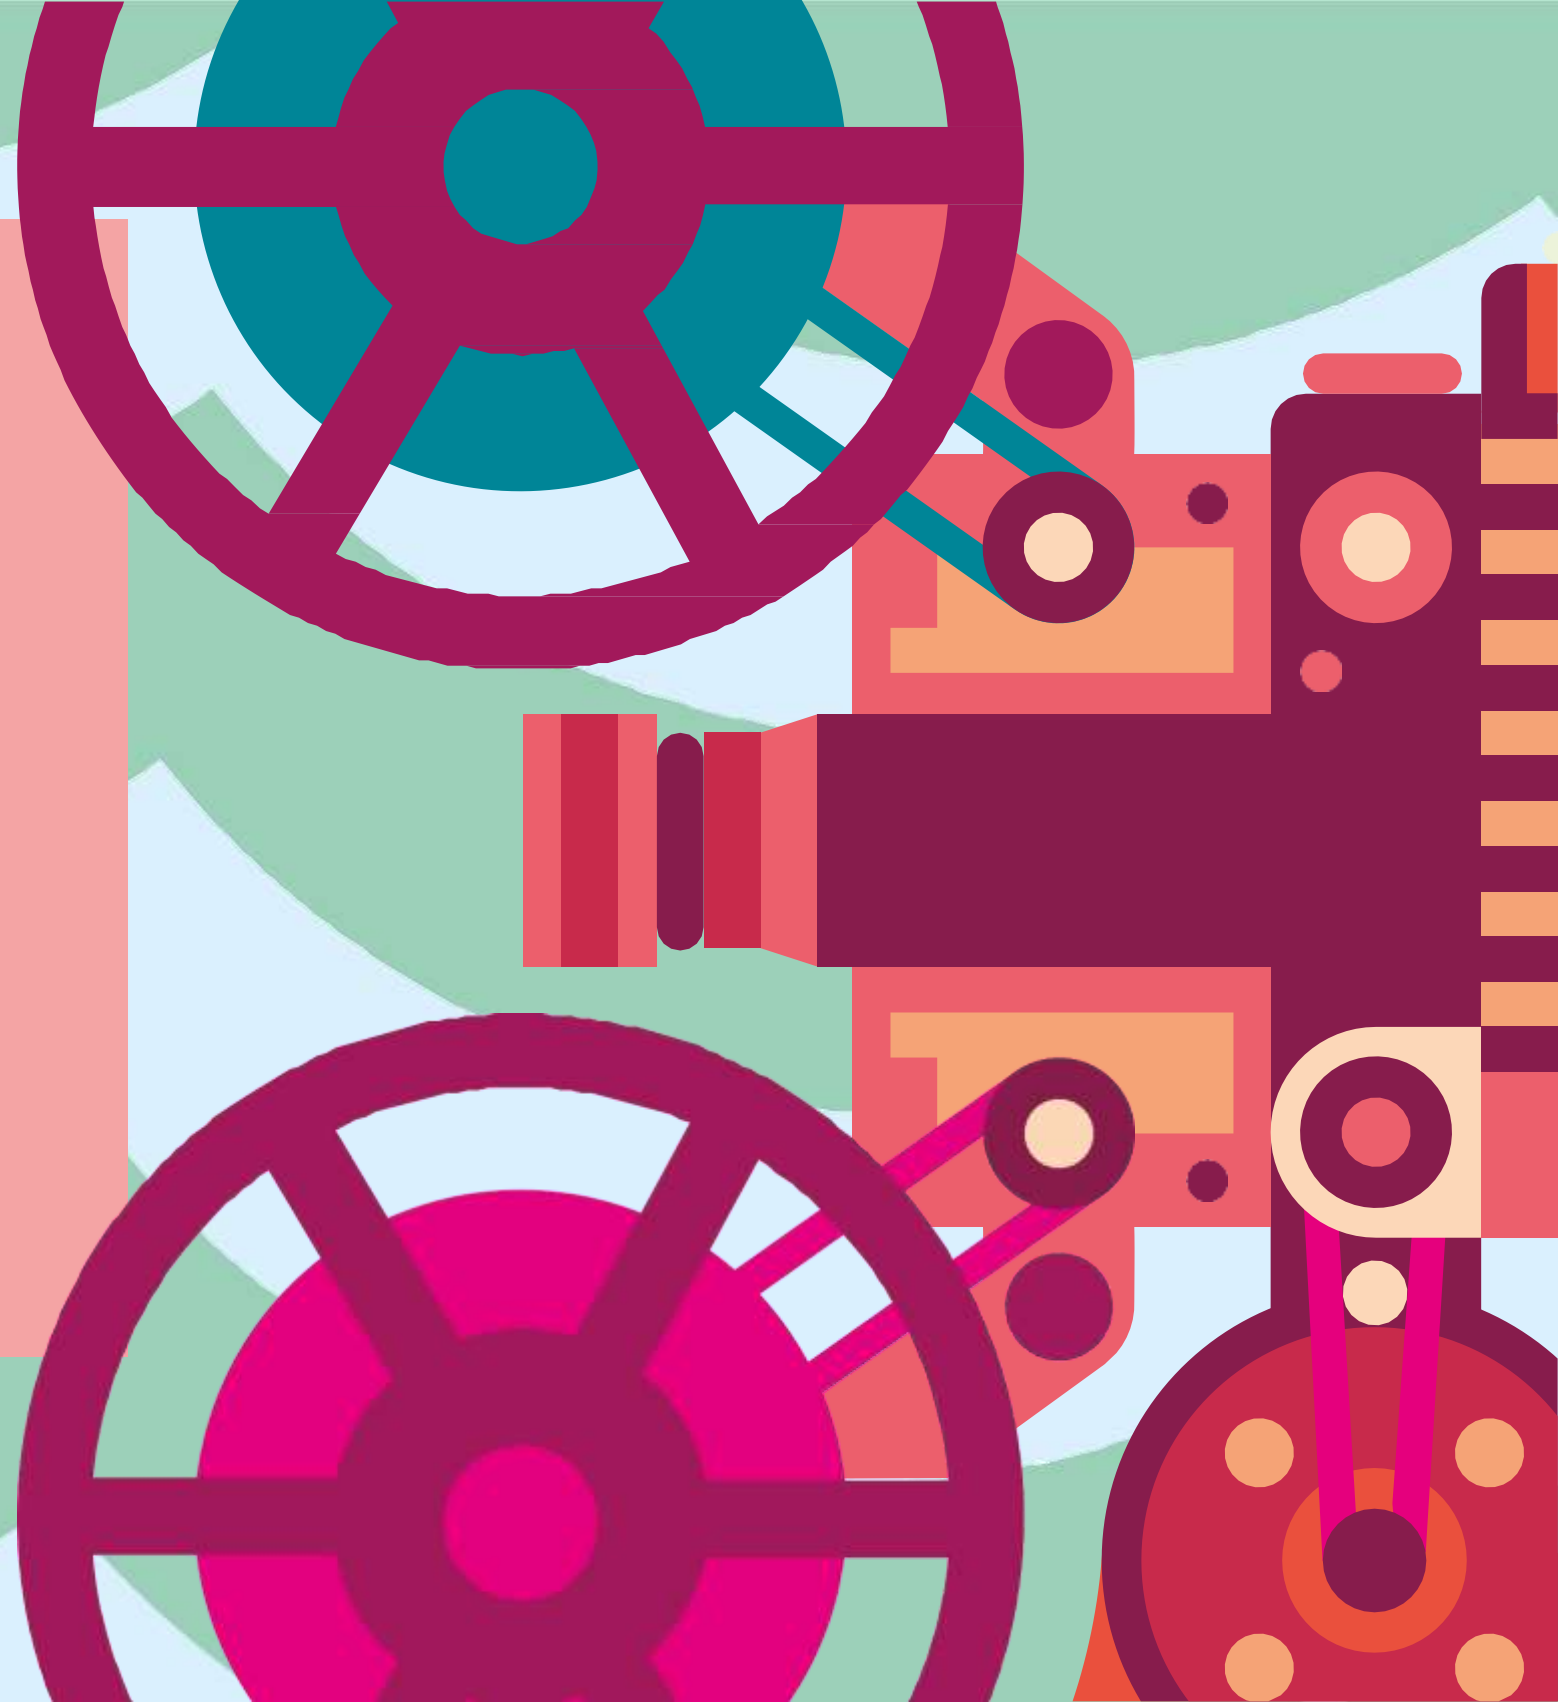

**COMMUNITY FUND PANEL CALL  
OUT**

# OVERVIEW

We're looking for six individuals to work together to shape a grant fund and distribute £30,000 to projects that continue supporting the love of film in our local area.

Leytonstone Loves Film Community Fund has grown out of Leytonstone Loves Film - the celebration of film that has been running since 2019.

Apply to be part of the panel that will shape this new fund and help decide which projects get supported

# YOU WILL:

- Be paid £1,800.00 for a maximum of 11 sessions, each lasting no longer than 3 hours
- Receive professional development training in participatory grant making and funding - which is a core part of this programme
- Shape what the fund will focus on and ultimately decide who gets the funding
- Work with local people with both a good knowledge of E11 and a passion for film
- Work with people who are committed to working with their local community

## Who Can apply:

- You don't need any experience in film or grant-making, but an interest in culture, film and your local community is important.
- You must be 16 or older and work, live or study in Leytonstone or have strong connections to the area.
- You must commit to regular sessions with the other panellists (all session dates can be found on the application)
- You must be able to commit to taking part in the evaluation process for the fund
- We encourage applicants from systematically under-served communities to apply for this opportunity, and are very keen for this process to be led by people underrepresented in film and funding.

# APPLYING FOR THE FUND
